A CONCISE EXPLANATION OF THE AMENDMENT TO THE PROGRAM, INCLUDING CORE PRINCIPLES.

The amendments to the Program include: [REDACTED].

Attached to this document are Exhibits I and II, which reflect amendments to the Program that will take effect on February 1, 2025.

FMX has reviewed the core principles for designated contract markets set forth in Section 5 of the Commodity Exchange Act and in the Commission's Part 38 Regulations thereunder ("Core Principles"), as well as the FMX Rules. Based on its review, FMX has identified the following Core Principles as relevant to its assessment of these changes to and continuing operation of the Program:

- ***Core Principle 2, Compliance with Rules.*** FMX believes that the Program will not adversely affect its ability to perform its trade practice and market surveillance obligations.
- ***Core Principle 3, Contracts Not Readily Susceptible to Manipulation.*** FMX believes that the Program will not cause the contracts it lists to be readily susceptible to manipulation.
- ***Core Principle 4, Monitoring of Trading.*** FMX believes that it will be able to monitor and surveil trading on the Exchange effectively, including trading by Persons or groups of Persons who have applied to be admitted into the Program, have been accepted in the Program by the Exchange, and are subject to the terms of the Program ("MMIPPs" and each, an "MMIPP").
- ***Core Principle 7, Availability of General Information.*** FMX is making information about the Program available to the Commission, its regulatory services provider, all Participants, Customers, and the public.
- ***Core Principle 9, Execution of Transactions.*** FMX believes that the Program does not give rise to incentives that will adversely affect its ability to execute orders for all Participants.
- ***Core Principle 12, Protection of Market Participants.*** Trading by MMIPPs will be subject to the requirements of the FMX Rules, which have been designed to ensure the protection of the market and market participants.
- ***Core Principle 16, Conflicts of Interest.*** The activities of MMIPPs will be subject to the Exchange's regular monitoring and surveillance processes and the requirements of the FMX Rules, including FMX Rule X-10, Conflicts of Interest.
- ***Core Principle 18, Recordkeeping.*** The Program is subject to the Exchange's record retention policies, which have been designed to achieve compliance with applicable CFTC recordkeeping requirements.

The terms of the Program and eligibility to participate in it have been established in accordance with Rule VI-1(a) and Rule XII-12 of the FMX Rules.

By its terms, the Program does not affect order execution priority on the Exchange or otherwise give MMIPPs any execution preference or advantage. In addition, Chapter XIV of the FMX Rules requires the active monitoring of the Exchange for trading abuses. FMX's Control Desk monitors activity on the Exchange for disruptive trading. Both the Exchange's Surveillance Department and its regulatory services provider review for manipulative and other abusive trading practices. Chapter XIV of the FMX Rules also provides for the Compliance Department to conduct investigations and to bring disciplinary measures as warranted.
